

# **Fetal Pig Dissection PowerPoint**

**Due May 17, 2016**

**In preparation of your final dissection, students will prepare a composite PowerPoint presentation gathered from various websites on the internet. Students may use the internet to print off pictures of posted PowerPoints for the following systems that we have studied this year. Each page copied from the internet must quote the author or site.**

- 1. External features**
- 2. Oral Cavity...which includes ..Mouth, teeth etc**
- 3. Digestive system....identify and label**
- 4. Circulatory System ...identify and label**
- 5. Respiratory....identify and label**
- 6. Urinary...identify**
- 7. Skeletal**
- 8. Muscular**
- 9. Diaphragm**
- 10. Thoracic cavity**

**Students will turn in this stapled collection of pictures with identification of the above with a cover sheet which will state ....Student name, class period and date.**
